

Need Roll-Off Containers for Industrial and Special Waste?**Think Green.®**

Waste Management offers permanent roll-off services that set the industry standard for service excellence. In most areas containers are available in sizes ranging from 10 to 40 cubic yards. All are made from sturdy, high-strength steel and are maintained to ensure safety and environmental compliance.

Roll-off services are perfect for:

- Asbestos collection facilities
- Construction & demolition (C&D) sites
- Drum collection facilities
- Household hazardous waste facilities
- Manufacturing plants
- Refineries
- Remedial sites
- Warehouses
- Wastewater treatment plants
- And other companies that produce large volumes of industrial and special waste.

SUPERIOR SERVICE AND VALUE

Waste Management strives to see that its industrial roll-off containers are delivered as promised, placed in the most convenient and accessible locations available and serviced in accordance with the highest professional standards.

In most locations Waste Management remains on call to make emergency pick-ups when waste generation is higher than anticipated. In most areas same-day service is also available.

Other benefits of Waste Management's industrial roll-off service include:

- Manifest review and preparation
- Compliance with Department of Transportation (DOT) and local hauling regulations to ensure that containers are pulled safely and within legal weight limits
- Assistance with profile certification to ensure prompt service
- Hauling by drivers who have undergone industrial and special waste handling training and/or hold hazardous material certifications
- Service from drivers who are regularly drilled in emergency response preparedness

All of Waste Management's roll-off containers are designed and maintained to ensure safety and environmental compliance.

Trained drivers and state-of-the-art equipment ensure that your roll-off containers will be delivered where you need them, when you need them.

To learn more about how Waste Management can serve your commercial or industrial roll-off needs, contact your Waste Management Landfill and Industrial Services sales representative.

From everyday collection to environmental protection, Think Green. Think Waste Management.
