Your Non-Hazardous and Special Waste Disposal Solution

Waste Management's approximately 300 disposal facilities employ the latest advances in landfill technology. From carefully selecting new landfill locations to installing state-of-the-art liners to expertly capping landfills that have been filled to capacity, Waste Management makes every effort to ensure its sites' operational integrity as well as the safety of surrounding ecosystems. As stewards of the environment, Waste Management sees that all its landfills are designed, constructed, operated and maintained to meet or exceed all local, state and federal regulations.

Outer Loop Recycling & Disposal Facility

Serving communities in Kentucky and Indiana, Outer Loop Recycling & Disposal provides local industries with professional disposal services that are safe, convenient and meet the highest standards for environmental compliance.

Containment Design

Outer Loop Recycling & Disposal Facility utilizes a single-composite liner system.

Leachate Collection & Treatment

At Outer Loop Recycling & Disposal Facility, leachate is collected on-site at a biological waste water pre-treatment facility. It is then discharged to a local Publicly Owned Treatment Works (POTW) for treatment.

Groundwater Monitoring

Groundwater quality is monitored by a network of wells which are sampled on a scheduled basis.

Landfill Gas

Enough gas is collected to heat approximately 15,000 homes. Excess gas is destroyed via on-site flares.

Security

Outer Loop Recycling & Disposal Facility is secured by a perimeter fence and natural barriers, and has a secure entrance with continuous video surveillance.

OUTER LOOP RECYCLING & DISPOSAL FACILITY

About the Site

Year Opened: 1979

Communities served by this location:

Metro Louisville and surrounding communities

Size: 782 Acres; 518 Acres Permitted for Disposal

Total Life Expectancy: 50 years

Number of Tons Disposed Annually:

800,000

Ownership: Waste Management of Kentucky, LLC

Permit Information: Kentucky Natural Resources and Environmental Protection Cabinet - Division of Waste Management

Accepted Wastes and Services

The following waste types are accepted at the Outer Loop Recycling & Disposal Facility:

- Asbestos - Friable
- Asbestos - Non-Friable
- Auto Shredder Fluff
- Bioremediation
- Biosolids
- CERCLA Wastes
- Construction and Demolition (C&D) Debris
- Drum Management - Solids
- Drum Management - Liquids
- Liquids (Managed via LiquiFixSM)
- Industrial and Special Waste
- Municipal Solid Waste (MSW)
- Yard Waste

Unacceptable Waste

Outer Loop Recycling & Disposal Facility does not accept the following wastes:

- Hazardous Waste
- Tires
- Untreated Regulated Medical Waste

Non-Hazardous Waste Disposal Services

Industrial Waste Disposal – Waste Management provides the highest level of industrial and special waste services backed with a written indemnification that protects customers from fines, lawsuits, sanctions or other legal/regulatory actions.

Additional Services Provided

- Next Generation Landfill (Bioreactor)
- eWaste Dropbox for Residential Customers

Additional Site Information

Additional Waste – This facility accepts commercial and industrial liquids for beneficial reuse in bioreactor process via a Commercial Waste Treatment Permit.

Next Generation (Bioreactor) – Outer Loop RDF utilizes anaerobic and aerobic bioreactor processes to accelerate waste degradation.

Recycling – Outer Loop RDF offers white goods (appliances) recycling as well as yard waste composting and beneficial wood pallet reuse.

Transportation – Upon request, transportation can be provided via roll-off tri-axle dump trucks, vacuum trucks and tanker trucks.

Waste Receipt Standard – Waste Management has a defined waste screening protocol for each of its Subtitle D non-hazardous waste facilities. This waste screening procedure is used to protect both our employees and the environment. For all industrial and special waste streams, the generator or agent must complete a Generator's Non-Hazardous Waste Profile (available online at www.WMDisposal.com) for review by our technical staff. Oftentimes, the profile must be accompanied by analyses, MSDS, or other pertinent information. Manifests or Waste Shipment Records must generally accompany the waste shipment.

Awards

Outer Loop RDF has received the following awards and citations:

- Commonwealth of Kentucky - Governor's Award for Environmental Excellence
- National SWANA - Landfill Excellence Award (2005)
- Louisville Chamber of Commerce (GLI)

Community Partnerships and Involvement

Outer Loop RDF is proud to be an active supporter of the following events, charities, schools and service groups:

- Educational tours for Louisville Schools and the University of Louisville
- Brightside - Biannual Compost Sales
- Annual Customer Golf Scramble to Benefit Brightside Habitat for Humanity
- Louisville Extreme Home Makeover
- GLI KCHMM Brightside - (Louisville KAB Affiliate) - Board of Directors
- YMCA Youth Sports

*From everyday collection to environmental protection,
Think Green®. Think Waste Management.*
